This includes feeding components, applying components, removing finished products from the assembly line and palletizing the finished products according to established specifications.
- Make minor adjustments to packaging machinery.
- Inspect and sort components and finished products during the assembly process.
- Observe company policies and Good Manufacturing Practices.
- Use and record materials and products used in a lot and batch-controlled environment.
- Clean, wash and sanitize work area, containers and equipment using water, detergents and sanitizers.

As our chosen candidate:

You can communicate in one official language, have a High School Diploma.

About Aliments LUDA Foods:

LUDA Foods has been crafting soups, sauces and seasonings for the food service and industrial markets since 1951. A third-generation, family-owned company, we are humbled by the long-standing trust North American chefs, buyers and their organizations have had in our LUDA brand line of dry mixes and refrigerated concentrates as well as the many custom private label products we have developed. And all of them are made-to-order, right here in Canada.

LUDA Foods' specialties include gluten free, vegetarian, sodium reduced, Halal, Kosher, and clean label. Our manufacturing facility is HACCP and GFSI certified under the SQF referential, and all products comply with the GS1 FS3 certification. What is more, we are a CFIA meat and fish registered establishment with daily inspections.
